

Imperial College Union
Deputy President (Clubs & Societies) Report
A Report by the Deputy President (Clubs & Societies)

OSC Committee

The OSC committee has now been elected and the chair is Sabena Mughal. I will be conducting training with the new OSC Exec in the coming weeks to ensure they are prepared for this year. The OSC have been trying to organise International Night but finding a venue have proved to be difficult.

Clubs and Societies Review

The Working group has not met once, however find we have not met more than I wanted due to people being busy. I will try to get another meeting going next week. If you are interested then please come and see me. The working group will be looking at club resources and sanctions this year and how to implement last years proposals.

New Clubs

There seems to be a lot of people wanting to start up a new club this year. We have received over 15 applications and it will be considered by the New Clubs Committee in the coming weeks.

Sports Partnership

A paper was presented to the Executive Committee at the start of term proposing a sports partnership with college. This was approved and work is currently underway to set out the structure and terms of reference of this partnership. Under the proposed partnership, a new member of staff is hired by Sport Imperial to administer BUSA/ULU and general administration for the partnership. The new staff will start on 20th November.
