

RCSU Report
A note by Jad Marrouche – RCSU President

So, what have we done so far:

- New website
- Awesome fresher's fortnight with over 1000 people taking part in one way or another:
 - Book fair – around 50 books sold
 - Queen's Tower Tours – over £200 raised in one lunchtime
 - Bowling, boat party, Firehouse, Sports kickabout, pub crawl
 - Centenary Freshers' Ball – Joint with C&G, over 250 people attended on our part (ents included)
- Halloween party
- Buddy bar night
- Yard challenge bar night
- Ice skating at the natural history museum
- Christmas Pub Crawl
- Christmas party at Zoo Bar
- Football League – over 150 people taking part

- All year reps elected
- 2 issues of BroadSheet out (and online)
- Taken steps to ensure all depts exist and are running active programs

What haven't we done that we really should have:

- Elected Masters rep
- Elected Life Sciences Research rep – although both these should be easier now mailing lists up and running.
- Put our regalia online (pin badges, polo shirts, bow ties)

The future:

- Science Challenge – run two competitions side by side, one for IC students, one for schools
- RAG week – watch out for this!
- 4 way Paintballing (vs medics, engineers, rsm) – date set for january
- Beer Festival
- Sports Day
- Games Nights
- More for postgrads
- Online competitions with iPods and the such to give away!
- How to get people to complete SOLE
- A move to a larger office
- Colours

Thanks to my exec for attending regular meetings and keeping everything running smoothly – nothing to report on that matter.
