	561	Amendment to 506, 57 and 521	Kings College, Courtauld and Liverpool	FREE	GREEN	
Education (600)	600	Higher education funding - all of these motions discuss grants, top up fees, 600b the cap, marketisation of education and so on. Most of these motions have 600a amalgamated into one or two motions.	Many	REFER TO COUNCIL		We seek Council's approval for the following principles: 1. To oppose the "marketisation" of higher education, 2. To oppose an increase in the cap beyond its current ceiling of £3K, 3. To recognise some of the benefits the recently introduced funding system has produced: support for poorer students has increased massively and students are no longer obliged to pay upfront fees, 4. To acknowledge that increased taxation is not the answer and does not wash with the public, 5. To support the "Admission Impossible" national campaign, 6. To oppose the organisation of a national demonstration this year and to focus on more sophisticated, targeted lobbying tactics until 2009.
	601	Higher education funding - all of these motions discuss grants, top up fees, 600b the cap, marketisation of education and so on. Most of these motions have 600a amalgamated into one or two motions.	Many	REFER TO COUNCIL
