

Permission to live out of Halls
A paper for decision by the DPEW

Introduction

Union policy constitution requires Sabbatical Officers to seek permission from Council if they wish to live in private accommodation. This year 3 of the 5 Sabbatical Officers have chosen to live out of halls, and have been remunerated accordingly.

I intend to move out of halls on the 23rd June (along with everybody else) and live in private housing for the last month of my term.

Decision required:

To allow the Deputy President (Education and Welfare) to live in private accommodation and to receive the appropriate honorarium.
