

### VVMC (Team Bo') Travel Budget

A Paper by the CGCU Vice President (Finance & Societies)

Seconded by Henry Weaver

VVMC have not been allocated any funds in their Travel Budget this year.

In February they made the following request:

1	Travel	London to Brighton Minibus Hire - Required as a support vehicle for Bo', to bring him back and to help out if he breaks down. Spent £310 in 2007.	£350.00	£350.00
3	Travel	Fuel For Bo' through the year - Driving is the core activity of the club, in the past the driver has paid for all the fuel, however with rising fuel prices this is hard to do on a student budget and so a 50% subsidy would help prevent a lack of fuel for driving Bo'. @45 a month expected trips 40/4(month)=10 therefore £450.	£450.00	£200.00
3	Travel	Congestion Charge - Required to drive in London, 2x20 day package @ 136	£272.00	£272.00

However nothing was requested for Travel by CGCU at the budgeting CSB in March. Agenda item 11: <http://www.imperialcollegeunion.org/committee/first-meeting-of-the-clubs-and-societies-board-tours.32,MET.html?Pcommittee=com.othermedia.imperial.model.committee.CommitteeHandle-L-3>

You will notice that CGCU also forgot to enter a value in the "Awarded 07-08" column and I can only assume that this entire row was mistakenly left blank. Attempts to contact Michael Chan and Tristan Sherliker to confirm this have failed.

Bo' had been awarded a Travel Budget of the order of £300 since 06-07. This has just been to cover the minibus hire to Brighton. Without a minibus the core event of the year for Bo' will be seriously hindered.

CGCU contingency currently stands at £400. If this claim was passed by CGCU it would only leave £50 for all clubs for the rest of the year. Therefore CGCU Exec requested I bring a paper to ICU.

#### Decision Required

- 1) To allocate a £350.00 of CSB Reserve to VVMC Travel (895-614-00-0).
