

Dead Clubs

A note by the Deputy President (Clubs & Societies)

Background

As mentioned at the last CSB, there are many clubs and societies which still exist on the Union's finance pages which have either been dissolved or have been dormant for many years.

The DPFS and myself have gone through all such clubs (except for those belonging to Silwood and Wye) and will remove them from the finance system and transfer their debt or funds to Exec reserve, which will then be transferred to the General reserve at the end of the year. The decision has been made to treat any balance remaining in dissolved clubs' accounts in this way, rather than say, moving them into their respective CSC/FU accounts, because deficits and funds should be treated in the same way, and many hold deficits which a CSC/FU would not be able to cover.

The clubs which will be removed are the following:
