**Statement for Council, from the Felix Editor regarding the DPFS's point about Felix Council Reports.**

I do not possess strong feelings about the matter, in one direction or the other, however, I would like to make the following points:

- 1) I have merely followed advice and precedent in only submitting a report at the beginning of each term. I will be happy to submit a report at each meeting if Council clearly indicates its desire for a report.
- 2) The argument against the Felix Editor submitting a report at each meeting, if one were to make it, would be as follows: His/her is made publicly accountable for his/her efforts each and every week through the publication of the paper. The Editor could be justified in merely presenting Council with copies of the past four issues as a report of their activities since the previous meeting.
