

RCC Funkology Contingency Claim

Our boombox/sound system that was stored in the Union Gym storage, key 45, has been repeatedly damaged by other clubs/users of the storage, to the point that it is not useable and requires immediate replacement.

We take great care of our boombox as it is essential for all our club activities, however whenever we return to the storage cupboard, people have moved/damaged it. For example, in the space of 2 days, it was moved and buried in equipment breaking off various dials and compartments (see pictures).

Late August found as a “door stop” with bench propped on top... Bass dial broken beyond repair

Thurs 10th Oct, buried under equipment, breaking off the volume dial. Further internal unknown damage as it was not operational.

Sat 12th Oct, power cable/socket broken

We therefore need a replacement ASAP and to purchase a similar model at £321.27 (see below).

JVC RV-NB90BB Bluetooth iPod/iPhone Dock Boomblaster Speaker System with connection for MP3/Mic/CD and Guitar - Black
by JVC
★★★★★ (6 customer reviews)

RRP: ~~£349.99~~
Price: **£321.27** & this item **Delivered FREE in the UK** with Super Saver Delivery. [See details and conditions](#)
You Save: **£28.72 (8%)**

Only 7 left in stock (more on the ...)

Since it is clear storing our sound system in the Union Gym storage is an issue, we are currently in talks with Yas Edwards (ICU Deputy President: Clubs and Societies) and Anthony Crowther (Student Activities Manager) to be assigned more appropriate, safer storage elsewhere in the union. We are also looking into obtaining a lockable box/storage therefore only Funkology committee members can actually access the sound system therefore minimizing third parties neglecting it anymore.
