Overview

2014 has been a great year for the RCC, with existing clubs thriving and even some new ones making an appearance.

Building on the work done by last year's committees, the new club committees have hit the ground running and brought a strong start to the academic year. Many have expanded their activities, with some clubs reaching unprecedented levels of membership. In general, smoothly running club administration, and strong financial stability have also been the norm for RCC clubs this year.

Just two RCC clubs have not yet found a committee for the new year, but both are organising elections at the moment to remedy this.

As the surrounding photos (from just the last few months) attest, a huge effort by the members of these clubs has led to a great range of well-attended events.

With the RCC providing the most diverse range of activities on offer at Imperial, this fantastic start to the year has meant an enriched student experience for the (still increasing) 2,300 members of the RCC.

Points where clubs have encountered problems related to Union operations, however, include:

- Unavailable/overcrowded storage
 - Abuses of storage space by other users (lack of tidiness/damage to items)
 - Items going missing from storage
- Significant delays with processing of Union finances, and with query-resolution regarding finance problems
- Minibus unavailability

Number: 155

Person filling out form: Jessica Murray, Grand High Inquisitor (President)

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>The Guild is most pleased with its start this year and particularly the showing at Freshers' Fair, which included roaming assassins and a chalk outline drawn in Beit Quad. Additionally, four Patrol sessions have been run and this marks the first year that it has happened in the Autumn term.</i></p> <p><i>We are especially proud of the assassin who successfully bludgeoned their target with a flail, the assassin who overcame their maternal instincts to stab their academic son, and of the assassin still adding to their impressive kill streak of 7 by means of point-blank shots of a banana gun.</i></p> 
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none">• No.

<p>The best photo from your club activities so far this year:</p>	<p>This is from last year's 'varsity' with Oxford, but the committee is unchanged but for one member since last year and we hope to have a similar event this year.</p>

Activities

(Breakdown of your usual activities)

Weekly:

Monthly: Patrol is a team combat game played using foam dart guns that we hold every 2-5 weeks.

Termly: Our main game which runs throughout the course of the term - each member receives the name and photo of another member (or two) of the Guild and must find and mock kill them. More targets are released as the term progresses and we play until there is either one assassin standing or we hold a final showdown.

What locations do you use for your activities: EEE Levels 2-4 for Patrol

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>Max 100 words</i></p> <p>Our club is still highly active, despite a small dip in membership numbers. We have already run 3 weekend trips this year, to Wales, Lakes, and Devon, and have another next weekend. Also hugely popular (as we invited non-members for the first time) was our 'Bonfire Paddle' down the Thames to watch the fireworks display at Battersea Park. Possibly the most successful moment of the year was that despite us having a minibus with no roof-racks for our bonfire paddle, club members came together and worked hard to ensure that the event still happened, near enough on time, and was enjoyed by all!</p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • We have had two major problems. The first was when our accommodation key didn't arrive in time so we had to make last minute arrangements, but this was apologised for and refunded. The other problem was when we booked a minibus and arrived to find it had no roof racks, which severely affected our club's activity – we were late for an event.

We champed the British University Chess Championship 2014 and it was a clean sweep both the Major and Plate (minor) Category. We have a fearsome team with 2 titled players namely FM and WIM. Also, the Imperial Chess Congress, Fresher's Tournament and Mestel Challenge (simultaneous with GM Mestel) are held yearly as part of our tradition. Not only that, we do play in both the Middlesex and London League weekly to supplement the competitiveness in this recreational activity. Last but not least, a trip to Greece took place during the summer to play in Ikaria yielding exceptional results from our players.</i></p>

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>For the first time since joining Dance Company 3 years ago, we have gone past our membership target in the first term of the year. This increase in popularity has also been apparent in the number of people who attended our team audition day (over 60). We have selected 45 dancers to take part in the Edinburgh and BNU inter-university competitions in Feb 2015. We are taking 8 teams; beginner and advanced for both ballet, tap, contemporary and jazz. We have been rehearsing for this for most of the term, as well as holding our open classes on Sundays. We have also been working hard to collaborate with and support the other dance societies of Imperial. Together, we have already held a weekend dance workshop offering many different styles. We are now working towards putting on a show at the end of the second term. We have also had our first social of the year to watch Billy Elliot. We are now planning for our Christmas dinner and Christmas showcase; where we will perform what we have been doing so far to members and friends.</i></p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> This year we have been allocated the JCR for our rehearsals on Tuesdays and Thursdays. We have had a few issues with disturbances, as students tend to believe they are allowed into the room in the evening, even though we have it booked. We have also had issues with another society trying to use the JCR on these days. We have contacted this society and the problem is being resolved.

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>Max 100 words</i></p> <p>Fellwanderers is a pretty cool club. We've run three successful trips to various national parks around the country and a bunch of day walks closer to London. Our membership has grown quickly and we've had quite a few successful social events including a bar night and our regular Tuesday lunches are always well attended. We've had members join from all parts of the college whether undergraduates or postgraduate. There's still a lot going on in the run up to Christmas with a trip to the Brecon Beacons next weekend followed by the Christmas meal and Winter tour soon after.</p>
<p>Have you had any problems running your club?</p>	<p>Due to an error I made when booking minibuses we were unable to run our third trip of the term to the Lake District. This was quite disappointing as before I noticed this problem ~25 people had already signed up.</p>

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>As many as 100 students attended our "First Aid Awareness" session (a basic first aid training day) and 87 of them are en route to become qualified SJA first aiders. A good number of members attended our weekly meetings where we held topic-based first aid training and socials. First aid topics which we covered this term included burns, sprains and strains, casualty assessments, radio protocols, and chronic conditions (e.g. asthma, diabetes). Great feedbacks have been received and it was nice to see a few experienced members back to help assist meetings.</p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none">● Access to our store cupboard has been hampered by overcrowding and missing keys. While we are aware that this issue is not limited to ICFAS, the nature of our work means we need to be able to access our kit at short notice.● We have reasons to believe the security of our storage is compromised, including our society safe. As the kits we store are funded by St John Ambulance, loss of such kits would represent a significant debt to SJA. We also store sensitive documentation in our safe after first aid duties, and a security breach here could result in legal action from casualties.● We have recently acquired two expensive training AEDs, which were originally planned to be stored in a secure locker provided by the college. The locker has since been removed without our consent. The AEDs represent a significant investment on the part of the society, and have already proven their worth not only in our own meetings but also with various other societies, thus we require secure storage for them. <p>We need an urgent review of our storeroom arrangements.</p>

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>Funkology has been doing a lot better this year! Member retention is getting better and we have quickly acquired 90 members, fast approaching the 100 of last year. We have provided several social events for our society, such as free food, nights out and social gatherings. Our performing crew competed at the Royal Holloway Dance competition, being the only team representing Imperial College, we came in 2nd place amongst other Universities. We have a loyalty scheme in place this year which has proven popular. We have also liased with other dance societies through Dance Imperial to provide workshops to members.</i></p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • Only small issues to do with room bookings, there was a case of double booking with taekwondo one week • The lighting in Metric is sufficient but not adequate for our society (dancing) and we have been trying to sort this out to little avail

Person filling out form: Guy Dutton (Captain)

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>The Imperial College Gliding Club got the year off to a flying start. Four of our more experienced pilots competed in the UK under-26 national gliding championships. Former Captain, Tom Arscott excelled and consequently earned a place on the British National team! He will be representing the UK at the World Championships in Australia next winter. Freshers Fair was highly successful and the club broke every record in its 85 year history by reaching 100 members. We have run flying trips every weekend this term and flown at least 75 of our members so far. Wednesday trips have also been introduced and are working very well, increasing the number of people we are able to fly. Recently two people have flown their first solo flights and those who did so last year are now progressing onto their Bronze Badges. The Captain should qualify as an instructor in the coming weeks, further helping the club flying activities.</i></p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • Three other clubs were allocated multiple minibuses one weekend meaning we did not get one. This was not in keeping with the rules published on the Union website and forced us to hire rental cars.

Have you used the union what's on calendar to advertise an event? **No, this year we have had sufficient interest to not require advertising.**

How else do you advertise? **Facebook, emails, website, Fresher's Fair, Felix article in Fresher's Issue**

Are you planning any major things for your club: e.g. change of membership price, change to constitution/core aims, contingency claims etc.?

We may apply to the Activities Development Fund to cover the costs of having to hire 15 seaters for many weekends, we had budgeted for 9-seaters. Also we had not budgeted for the extra Wednesday trips and their minibus hires. Having not foreseen 100 members, increased temporary membership costs have been incurred for first flights. Each new student costs us over £25 each.

Tell us how great your club is! (activities you've been doing, best moment of the year, etc)	Imperial Go society aims to provide everyone with a chance to learn and play Go, an ancient oriental board game rich in strategy and tactics. We have been organising weekly playing and teaching sessions for members of all standards. During these sessions, members are able to play casual and ranked games against each other and solve Go problems together. We also post problems and professional games on our facebook group page for members to solve and review.
Have you had any problems running your club?	We currently face a shortage of funding which is necessary for the purchase of additional equipment. As a newly established club we were not present during budgeting last year. We are currently in the process of securing the Activities Development Fund from the union to address this issue.

General Questions

Are you planning tour applications later this academic year?

No

Did you get a handover from the previous committee?

Partially only – this was a very rushed process. The previous Chair had studies interrupted due to being transferred from the MSc → BSc programme; previous Treasurer disappeared. I was the previous Secretary but was largely involved mainly with sending correspondence and planning/reserving spaces.

How many RCC meetings have you attended this year?

Missed but sent apologies:

Missed but did not send apologies: 3

(Sorry about this, I will see to it that this improves.)

Did anyone in your club receive an RCC Award last year?

No.

Did you hold a stand at Freshers' Fair?

Yes.

Where is your club storage?

EEE.

Does your club have a tankard(s) behind the union bar?

No.

Do you have a website? Is it up to date?

No, and not applicable.

Do you have a current constitution?

Yes.

Do you use the mountain hut?

No.

Have you had any near misses or reported accidents this term (if yes, give details)?

No.

How many first aiders do you have in your club, do you feel you need more?

0, no.

Have you used the union what's on calendar to advertise an event?

No.

How else do you advertise?

We handed out flyers at Freshers' Fair; since then advertising has largely been through word of mouth.

Are you planning any major things for your club: e.g. change of membership price, change to constitution/core aims, contingency claims etc.?

None at the moment.

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>ICMC is a fantastic and vibrant climbing club that continues to grow. Our enthusiastic membership means that we are constantly attracting new climbers into the sport. A lively social calendar, regular trips and climbing indoors throughout the week, mean that the group is tight knit and friendly. I think that it's brilliant and I love running it!</p>
<p>Have you had any problems running your club?</p>	<p>The committee is very motivated and this is really helpful in running our busy calendar. The only issues we have had have related to minibus bookings and having an enormous number of new climbers to teach, this presented more of a challenge than a problem.</p>

General Questions

Are you planning tour applications later this academic year? Yes for Winter, Spring and Summer

Did you get a handover from the previous committee? Yes although it was very poor.

How many RCC meetings have you attended this year? 2

Missed but sent apologies: 0

Missed but did not send apologies: 0

Did anyone in your club receive an RCC Award last year? Yes, Jo Robbins and Tom Wheeler

Did you hold a stand at Freshers' Fair? Yes

Where is your club storage? Underneath the Union to the left in the basement

Does your club have a tankard(s) behind the union bar? Yep

Do you have a website? Is it up to date? Yes and Yes

Do you have a current constitution? Yes

Do you use the mountain hut? Yes, as much as possible (A massive thanks to Ellie Johnstone et al for their work!)

Have you had any near misses or reported accidents this term (if yes, give details)?

Yes, Chris Brahms took a fall on the Freshers Trip. He was naturally treated with a suspected spinal injury and Mountain Rescue took him to hospital in Sheffield. He was released the same evening uninjured. The accident was reported using SALUS. We looked at our risk assessment but felt that it didn't need any changes.

How many first aiders do you have in your club, do you feel you need more?

We have at least 6 who are active in the club and attend most if not all of the events. We could always have more but I don't feel it is an urgent issue. I will make a note to ask the incumbent president to consider this at the start of their year in the same way that we try to keep a sufficient number of minibus drivers in the club/ experienced climbers.

Have you used the union what's on calendar to advertise an event? Yes

How else do you advertise? By word of mouth, at the Fresher's fair.

Are you planning any major things for your club: e.g. change of membership price, change to constitution/core aims, contingency claims etc.?

We have nothing major planned other than to increase the diversity of the club and get involved with other London University Climbing clubs.

Since then we've been having weekly session every Thursday with average numbers of around 30. We normally host a tournament along with cash games running on the side. For November, we've been hosting different types of tournaments to keep things fresh – culminating with our highly successful swiss-style heads-up tournament (the first of its kind in the UK) last week. Tell us how great your club is! (activities you've been doing, best moment of the year, etc)	<i>Max 100 words</i> So far we have had a great start to the year. We have had the highest membership of any year and are still increasing as more people want to experience flying! We have conducted numerous trial flights and several club members have also been checked out and are able to fly themselves from Stapleford. We also had our first non-flying trip to the Air Accidents Investigation Branch this term, which was a big success. We have teamed up with RCC Gliding and Skydiving clubs for social events in order to group together people with similar interests.

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>Jezebel provides a rare and interesting (not to mention hilariously entertaining) bit of history and tradition for students all over the college. Our club members work hard to keep Jez in splendid mechanical condition (that and to drink tea at an alarming rate). In return we get to ride around one of the most interesting and historic cities in the world on one of the most interesting and historic vehicles you'll ever see. (According to tourists and what they seem to photograph, we are one of the best and weirdest sights in London - take that Big Ben!)</p>
<p>Have you had any problems running your club?</p>	<p>We have had some trouble with the quality of the work that was contracted concerning the garage redevelopment in the previous year - we have even been forced to resort to installing the last of the shelving ourselves (made all the more difficult due to some missing parts...)</p>

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>Max 100 words</i></p> <p>We have had a modest start to the year with only a few new members and having to spend a large amount of term rebuilding the garage. We have however built stronger links with our constituent union, the RSM, and are looking forward to doing a lot more with them soon! Clem is in a good mechanical state bar a few issues we are aware of and on top on. We are looking forward to repainting in February, and we have some really keen members who are excited to get involved. Come to the Christmas lights trip!</p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • The Union only notified us of our congestion charge exemption renewal form too late for us to actually action it. As a result, we may need to pay for congestion charge when we shouldn't be from no fault of our own. • Garage reconstruction sucks and takes up too much time, but things are a lot better inside now.

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>We've already exceeded last year's membership by almost 10 members, and had excellent attendance to all events. Despite bad weather meaning that our weekly outdoor practice sessions sometimes get called off we have a dedicated core of members who have joined us for ice skating, street skates and roller discos!</i></p> <p><i>Our new members have gone from not even being able to stand in skates to moving forwards, turning and stopping safely with a plan to start practicing more complicated moves next year.</i></p> <p><i>The best moment has been playing british bulldog on skates in the autumn sunshine at the albert memorial!</i></p>
<p>Have you had any problems running your club?</p>	<p>Lots of our equipment has been lost in the move between Princes Gardens and West Basement store rooms. We estimate that ~ £500 of skates are missing, ~£100 of pads and a goalie kit worth £2000. This obviously has had a huge effect on the way we run the club especially that we have not had enough skates for all of the members to participate each week. Also last year's treasurer has been unable to explain why the money for the summer tour last year has come out of this year's grant, leaving us with a grant deficit.</p>

Person filling out form: Jonathan Jackson (Secretary)

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>The Skydiving Club has had an amazing start to the year, with by far the best turnout of new skydivers for many years. We've already had the highest number of students completing their ground training in the club's history, with 30 people passing the necessary exams to do their first solo jump already. The best day we've had so far was when 12 of our members did their first solo jump in a single day – all in spite of the British winter weather trying its best to stop us. When not falling from the sky, we've also managed to fill 3 trips' worth of windtunnel flying, more than we've ever done in a single term. Additionally, the social side of the club has been overhauled, with parties held and new allegiances being made with IC Gliding and Pilots, University of London Skydivers, and national skydiving clubs, nurturing a true family spirit. Overall, then, this term has been a term of superlatives – and it's not even Christmas yet!</p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none">• Mostly I.T. technical at the start of term – being unable to access our webserver and mailing list issues due to the server change-over.• Transport is often our biggest problem as most drop-zones are in the middle of the countryside. Hiring minibuses is not really feasible either, as numbers are not usually certain and weather can lead to short-notice cancellations.

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>We've mostly been doing the same type of events as last year: friendly games, tournaments, online show-matches and pro tournament screenings. Unfortunately we weren't able to travel abroad this year, but over the Summer we did manage to go the Gfinity Summer Cup in London, featuring lots of Korean, American and European pro-gamers. I think the highlight of the year has been our online show-matches that we stream and cast on TwitchTV, they've almost always been extremely close (usually with a 4-3 score) and exciting.</p>

General Questions

Are you planning tour applications later this academic year?

We intend on applying for summer tour funding, so we can go to somewhere warm to offer a wider range of diving apart from UK diving. We have not decided whether we will apply for Easter tour funding yet.

Did you get a handover from the previous committee?

Yes, each previous officer did an individual handover to the new officer, so that they knew what they had to do as part of their job, and it also offered the chance to ask questions when certain things weren't clear. The new officers were also immediately added to the committee mailing list immediately after their election, so they can see what sort of things are being discussed and would be up to date with any issues.

How many RCC meetings have you attended this year? 2

Missed but sent apologies: 0

Missed but did not send apologies: 0

Did anyone in your club receive an RCC Award last year?

Yes. Maximillian Keech and Natalie Yip received RCC Colours; Richard Cameron and Shut Leung received RCC Merit.

Did you hold a stand at Freshers' Fair?

Yes, we had a stand with at least 4 person manning it any time. Two members were also walking around handing out fliers.

Where is your club storage?

West Basement

Does your club have a tankard(s) behind the union bar?

There is a tankard for the Chair

Do you have a website? Is it up to date?

Yes, <https://www.union.ic.ac.uk/rcc/underwater/>. It is not currently up to date, the web editor is doing it slowly at the moment.

Do you have a current constitution?

Yes

Do you use the mountain hut?

No

Have you had any near misses or reported accidents this term (if yes, give details)?

One of our instructors was diving in 20m with a sports diver trainee (SDT) and with a newly qualified sports diver (NQSD). The NQSD had trouble with his primary regulator underwater - it was leaking water and giving a 'wet breathe'. He carried on the dive for a while, as the problem got worse. When it got too bad, he signalled 'out of gas' to the instructor. The instructor gave the NQSD his alternate air source (AS), and all three divers ascended in a normal fashion to 6m. They then conducted a safety stop together. During that safety stop, the instructor set off a delayed surface marker buoy (DSMB) using the NQSD's AS (which was still functioning fine), and after having done so he passed the DSMB to the SDT. After the safety stop, they all ascended to the surface together.

One of our instructors was diving in low visibility in about 15m of water. He was diving with two students, one of whom was wearing a borrowed drysuit. Both students were relatively new and inexperienced divers. The instructor was in eye contact with both students. He noticed that one of the students was having some buoyancy issues and had ascended slightly off the bottom. As this first student appeared to be getting back in control of his buoyancy, the instructor turned to check the second student. However, when he looked back to the first student, he was just disappearing from sight towards the surface some distance above the instructor. The instructor reacted quickly and properly, and he and the second student made an ordinary ascent to the surface to rejoin the first student.

The first student had encountered buoyancy issues in his borrowed drysuit. In previous dives he had experienced some suit squeeze, so he had put more air into his drysuit this time to compensate. He said he felt 'floaty', and found himself unable to dump air sufficiently fast. The result is that he made a rather uncontrolled, but not too rapid, ascent to the surface. He arrived headfirst (i.e. not inverted). He surfaced a minute or so before the instructor and the second student.

The boat reacted quickly and properly. No symptoms of decompression illness were identified, but the first student was put on O2 as a precaution. Medical advice was that he did not need treatment in a recompression chamber, but should wait 24 hours before diving again.

How many first aiders do you have in your club, do you feel you need more?

We have 7 first aiders in the club this year, which is sufficient for the activities that we carry out. In most of our diver training courses, some basic first aid related to diving and rescue management are covered, so even though we don't have a large number of fully qualified first aiders, we have the capability to carry out first aid for the diving that we do.

Have you used the union what's on calendar to advertise an event?

No

How else do you advertise?

We use our mailing list mainly to advertise trips, some will go on our Facebook page as well.

Are you planning any major things for your club: e.g. change of membership price, change to constitution/core aims, contingency claims etc.?

No

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p>Wakeboarding is doing very well this year! We had a really cool freshers event, also known as the infamous WAKEparty. At this event we had approximately 50 new and old wakeboarders come along, even if it was a slightly grey day! After this we had dinner at the Union and then went to a house party hosted by non other than our social secretary, Ed White! This was a night that most people seemed to not remember the next day, which is one of the signs of a great party! This was probably the best moment of the year seeing as we had so many new faces turn up and quite a few have continued coming!</p> <p>We have also had two major socials, an all you can eat fajita night at Big Easy, which left all of us way too full for our own wellbeing, and a bowling night which was great fun!</p> <p>2014-15 will be a great year for the club, with some beginners already throwing tantrums (Back flip)!!!</p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • We had some problems with the minibus/coach hire, as we got conflicting information about whether we could use the online coach booking system, which was wrong meaning that we lost a lot of time booking for our freshers party. Luckily we managed to get three minibuses so that solved everything • A second problem which we have had is that Finances have taken a really long time to pay an affiliation fee, which was a huge problem as they never replied to our emails (or took a really long time) and risks our relationship with the cable operator where we wakeboard. Finally I have been in contact with the DPFS, and we are currently in the process of trying to sort it out (it might already have been done)

Person filling out form: Klara Weaver (Secretary)

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>ICWMS has been very active this autumn. Over 40 new people subscribed at Freshers Fair, a great turnout for such a small society. We sent 5 delegates to the Student Wilderness Medicine Conference in October in Warwick, which was valuable and very fun! We also held a social, which, although small, was friendly and good fun.</i></p> <p><i>Most excitingly of all, ICWMS entered Rodings Rally, an orienteering competition involving over 59 groups from the South. We came 27th, completing 8/10 checkpoints in just over 6 hours. Also, did I mention this was at night? We were most proud of our newest member who had never hiked before, but got stuck in none-the-less.</i></p>

Club name: Imperial College Yoga Club

Number: 130

Person filling out form: Lucy Li (President)

<p>Tell us how great your club is!</p> <p>(activities you've been doing, best moment of the year, etc)</p>	<p><i>At the Freshers' Fair, we gave away free class vouchers to winners of 'yoga challenges'. We saw some impressive single-legged planks and other feats of stability!</i></p> <p><i>By advertising our taster sessions through the Give-It-A-Go scheme, and introducing yoga lessons in St Mary's Campus, we now have over 170 members, which is more than any previous academic year, and we still have two terms to go!</i></p> <p><i>This time last year, the club offered two yoga classes per week. Now, we organise 3 yoga classes and 1 pilates class in South Kensington, as well as 1 yoga class in St Mary's each week.</i></p>
<p>Have you had any problems running your club?</p>	<ul style="list-style-type: none"> • The main issue has been room size. Although we booked 3 adjacent rooms in Skempton, the building manager refused to open the divider in the room, so we ended up with just 2 rooms. This was a major problem during taster sessions, as more than 50 people turned up to each session but we had to turn people away due to lack of space. • Our pilates instructor had an invoice in June that was not paid until this week. The union finance administrators have been slow in responding to enquiries and not forthcoming with regards to payment date. • We received a Harlington Grant in October, however the money is still not in our account • Our secretary quit his studies during the summer, so we had to wait until the start of term to hold an EGM so that we can elect a new secretary. This made life very difficult in the first few weeks as we had to share responsibilities (e.g. answering emails, organising meetings) between the rest of the committee members • In St Mary's, the union provided no help in booking rooms or arranging storage. We had to contact different departments to find out who was in charge of booking which rooms.

Are you planning any major things for your club: e.g. change of membership price, change to constitution/core aims, contingency claims etc.?

For the next academic year, we would like to have a social secretary on the committee, and remove class co-ordinators from the committee list.
