

Management Group Redevelopment – James Cox

Since 2013 a restructure of the current management group system has been floated around, with a little progress each year. This year, CSPB decided to prioritise this project at a meeting before term. In brief, this project is to strengthen the middle management of the CSP governance structure, creating more MG representatives with financial responsibility, with less admin time, with fewer clubs to focus on. Clubs will benefit from this through having a well-trained student volunteer with more time to focus on their issues specifically (i.e. during budgeting or to assist with funding applications)

Work thus far:

1. Focus group from CSPB (~4 hours), identifying issues and solutions

Firstly, we clarified the similarities and differences between Management Groups and Constituent Unions.

CU	CU/MG	MG
Provide community/identity	Represent clubs at CSPB/Union Council	Exclusively run clubs
Run freshers' events	Assist with club management	Hold face-to-face agms
Uphold heritage/traditions	Assist with club budgeting	
Careers advice/signposting	Have financial scrutiny over clubs' finances	
Represent wider student body (automatically a part of)	Provide emergency support for clubs	
Alumni Connection	Forum for similar clubs	
Academic Representation	Approve club expenditure	
Welfare support/signposting		
Variety of club activity		
Promote broader appreciation of faculties/science		

Next, we identified a list of issues with the current system

1. Lack of identity from students
2. Lack of defined power/authority over clubs
3. Discrepancy in number of clubs/workload
4. Mismatch of club groupings
5. Different levels of knowledge/training of MG Exec
6. Lack of defined signposting for issues/club engagement discrepancy
7. MG can be opaque to higher governance levels
8. Lack of support for specific areas within MGs (i.e. martial arts specific help in ACC)
9. Different levels of MG engagement from MG Execs and union
10. No defined way to share best practice across MGs from club level
11. Lack of MG responsibility
12. Lack of direct support for welfare-remit clubs
13. Poor handovers
14. New niche clubs leading to increased workload
15. Same democratic power for MGs of different size
16. Competitive nature of budgeting

Next, we synthesised the issues into four broad strategic areas, the focus of which would be to tackle these specific issues

Branding

1. Lack of identity from students
6. Lack of defined signposting/club engagement discrepancy

Training

5. Different levels of knowledge/training of MG Exec
7. MG can be opaque at higher governance
9. Different level of MG engagement and committee chairs with union
13. Poor handovers
16. Competitive nature of budgeting

Restructuring

3. Discrepancy in number/workload
4. Mismatch of club groupings
8. Lack of support for specific areas within MGs (i.e. martial arts specific help in ACC)
10. No defined way to share best practice at club level
14. New niche clubs leading to increased workload
15. Same democratic power for MGs of a different size

Strengthening

2. Lack of defined power/authority (i.e. what control could an MG chair have to solve problems themselves)
11. Lack of MG responsibility
12. Lack of direct support for welfare remit clubs

Finally, we created an action plan for each area to tackle these issues:

1. Branding

- 1.1. Create coherent branding for each Management Group
- 1.2. Create website as central digital point of contact
- 1.3. Ensure availability of freshers' fair stalls for MGs
- 1.4. Create sign-posting for club issues to elevate through governance structure

2. Training

- 2.1. Develop effective training for MG Execs prior to August 1st to fully understand:
 - 2.1.1. the union
 - 2.1.2. eactivities
 - 2.1.3. the governance structure (communicating up and down)
 - 2.1.4. scrutinising finances and risk assessment

3. Restructuring

- 3.1. Create a governance structure of clubs where similar activities are placed into logical groupings, with no further steps in governance/financial authorisation that already exist and where MGs have a similarly-sized number of clubs.
- 3.2. Create support networks for cross-MG sharing of best practice for similar activities (e.g. conferences)

4. Strengthening

- 4.1. Define authority of MG chair over clubs under their responsibility
- 4.2. Increase responsibility of MG Exec (e.g. edit committee positions, website details, print engagement details for alumni)
- 4.3. Create support network led by DPW

I believe it is feasible to tackle 1.4, 2.1, 3.1 & 4.2 to have maximum impact before the start of the next academic year. The remaining actions can be mandated by council to the future DPCS, or I will be able to progress further after completing the 4 priority actions above.

2. Focus group from CSPB (~5 hours), restructuring groups

Action 3.1 was the focus of the second focus group, a list of clubs was generated and groups were created from scratch; the aim was to create logical groups of similar size/similar workload. There may be clubs in the wrong group, but all clubs will have the opportunity to say where they would like to be represented (this is all subject to change)

Union Council will need to approve the change as 8 Management Groups will shrink to 6, affecting democracy (slightly); I am open to a discussion about what this will look like.

The restructure will create new Vice-Chair roles for each group which have financial responsibility and support for their sub-groups. If positions are unelected, responsibilities pass to the MG Chair as per history.

Actions 1.4, 2.1 & 4.2 will be completed ultimately by DPCS/Activities after consultation in a third focus group regarding what training/knowledge would be useful, what expectations are of clubs and the union, and what extra responsibilities would be useful to improve efficiency of solving club issues.

Resolves

1. Approve restructure to Management Groups
2. Mandate DPCS/MG Chairs to consult with clubs regarding their new recommended Management Group
