

## Imperial College Union Finance and Risk Committee 19/6/18

AGENDA ITEM NO.	10
TITLE	Strategic Risk Register
AUTHOR	Jarlath O'Hara
EXECUTIVE SUMMARY	Resource challenges have meant that whilst the mitigations remain relevant and live, the Strategic Risk Register document has not been updated since April.  This does not meet our expected standards though there is management assurance that there are no risks posed by this short-term shortcoming and the strategic mitigations remain developed and / or progressing.  As agreed at the last F&R committee, we will review sections in greater detail on a rota basis.
PURPOSE	To update Committee members and for deeper discussion on risks 8 (People Management) and 9 (IT / Technology).
DECISION/ACTION REQUIRED	Discussion of existing Register focusing on risks 8 and 9 and agreement of plan moving forward.
