

Dear Union Council members,

Please find below the draft Imperial 'Writing about ethnicity' guide, for which some college staff will come to Union Council to receive direct feedback on:-

The 'Writing about ethnicity' style guide has now been drafted online (on test pages while they are in draft format) and are ready for the Union Council's perusal: <https://www.imperial.ac.uk/brand-style-guide/writing/inclusive-writing-guidance/writing-about-ethnicity/test/>

The guide comprises the landing page above, and a series of eight subpages linking off from the landing page in blocks ('Core principles', 'General or umbrella terms' etc). All subpages should be reviewed by Council members.

Please note, you will need to log in to see these pages.

Do you get in contact if you have any questions and I will direct your enquiry to the right place.

Many thanks,

Clem Jones, ICU Governance & Democracy Coordinator
On behalf of the Union President and Union Council Chair
