PAPER – FOR DECISION

LINKS – CHANGING NAME TO IMPERIAL COLLEGE FIRST AID SOCIETY (ICFAS)

A Paper by the Chair, Tai Zhao Ming

Background

St John Ambulance (SJA) had undergone Regionalisation in December 2012. Its management structure and policies have been completely overhauled over the past few months.

Although our work is affiliated with SJA, new SJA policies restricts our use of the SJA name / logo / brand in our club in public domains.

The committee's solution was to change the club's name and remove explicit use of the SJA brand. This is in line with what other LINKS units have done.

Changing the club name addresses an issue with new Imperial students not understanding what the name LINKS meant and also re-emphasised the point that any body can attend our First Aid meetings without any commitment to SJA.

The proposed name change had been approved by both the committee and its members in February 2013 AGM.

For Decision

Change the official club name from **St John Ambulance LINKS** to **Imperial College First Aid Society**
