

SYNCHRONISED SWIMMING

GRANT RE-ALLOCATION APPLICATION

We would like to apply for extra grant to cover the cost of **extra pool bookings during this year's Easter break and summer term.**

Two training sessions at St. Mary's pool (1.5 h each) during the Easter break and one training session per week during the summer term at a negotiated reduced rate of £20/h: $10 * £20 * 1.5 = £300$

We also added 3 training sessions at Ethos, 2 using two lanes for 30 min and the whole pool for 1 h and 1 using the whole pool for 1 h 15 min: $1.25 * £32.5 + 2 * £32.5 * 1.2 = £118.63$

We are also organising an end of year show with teams from clubs in London and Brighton for which we will be charged £65. (It will last two hours and take place in Ethos swimming pool on the 16th June (4-6pm), come and join us!! 😊)

-> TOTAL COST = £483.63

We will also be charged for a second training session per week during the spring term at St. Mary's (1.5 h each) ($9 * 1.5 * £27 = 364.5$), which was used for participants of the competition only, minus £283.5 that we paid in advance, i.e. £81.

We were allocated £730.05 for ground hire this year, to which Sport Imperial added £300 towards renting the pool for the second weekly training session during spring term at St. Mary's. We used the whole of these two grants as well as part of our SGI to pay for our usual weekly training session during winter and spring terms as well as the £283.5 that we paid in advance for the second weekly session during spring term.

In total we will be charged £564.63 (see invoice on next page), but only apply for the amount corresponding to Easter break and summer term.

-> **TOTAL GRANT REQUESTED = £483.63**

28th May 2013

RE Pool Hire Summer Term 2013 – Synchronised Swimming Club

This is to confirm that the above club will use

10 sessions of 1.5 hrs @£20/ hour = £300

1 session of 1.25 hrs Ethos = £40.63

2 sessions of 2 lanes for 30 mins in Ethos =£78

2 hour show Ethos @£32.5 per hour = £65

Total for term £ £564.63
