

**Imperial College Union  
Recreation Sector  
Merging of Inactive Clubs – February 2021**

**The Committee Notes:**

1. The following list of inactive Recreational clubs:

RCC Airsoft	RCC Ham Society	RCC Sports Motorcycle

RCC D of E	RCC Parabolic Flight	REA Meat Appreciation

RCC Flight	RCC Racing Green	REG Croquet Club
RCC Go Society	RCC Radio Controlled Model	REG Lego
RCC Gymnastics	RCC Riding	

2. Whilst these clubs are still listed in eActivities, and continue to have a financial account, they are considered “dead” for all other purposes.
3. If a student wishes to restart one of these clubs or start a similar club, it must be done as if it were a new club, including passing through the New Activities Incubator.

**The Committee Believes:**

1. Union funds are best put to work in enabling activity, and not (in real terms) losing value sitting stagnant in the Union’s CSP bank account.
2. SGI raised by a previous CSP should only be spent on activity related to the purpose of the club it was originally raised by.
3. It is appropriate for inactive clubs to be merged into active clubs with a compatible core purpose and aims and objectives to enable the above.

**The Committee Resolves:**

1. Require the Chair to accept suggestions from CSPs on mergers and consult with them on the suitability of any such merger.
2. Empower the Chair to take any reasonable requests to the New Activities Committee for approval.
